Bye-laws under Section 25, Act XX of 1891.

THE CONDUCT OF BUSINESS BY THE MUNICIPAL COMMITTEE.

1. The Commissioners shall meet at such place and time as shall from time to time be determined on, but not less than once a month.

2. Notice of an ordinary meeting shall be given at least 36 hours, and of a special meeting at least 60 hours, before the time fixed for the meeting. To every notice of a meeting shall be attached a list of agenda which shall include all important matters (other than ordinary routine) to be discussed at that meeting.

3. The quorum necessary for the transaction of business at ordinary meetings shall be three members.

4. The business shall be conducted in the following order :—

(i) The proceedings of each meeting of the Committee to be opened by first confirming the wording of the minutes of the meeting last held; and, secondly, by confirming the minutes of all special meetings, and of all meetings of Sub-Committees, presented since the last meeting of the General Committee.

(ii) Business arising out of the minutes of such meeting or meetings.

(iii) Letters to be read.

(iv) Motions of which due notice has been given to be discussed.

5. Any member may demand a week's notice of any matter brought up for consideration at any meeting if such notice has not already been given.

6. If two or more speakers shall desire to speak at the same time, the President or Chairman shall decide which of them is to have priority. If his decision is not approved of, it shall be competent to any one to move that another of the speakers who may have risen shall be heard in preference, but no debate shall be allowed on such a motion.

7. No person shall interrupt a speaker who is in possession of the meeting, save for the purpose of raising a point of order, nor may the same point of order be raised twice by the same person.

8. Every appeal on a point of order is to be made to the Chairman and not to the meeting. On a point of order being raised, the speaker in possession of the meeting shall temporarily cease speaking whilst the Chairman decides the point of order.

9. Every motion and amendment made at a meeting shall be committed to writing and be handed to the Chairman, with the name of the mover appended thereto, if so required by the Chairman.

10. Every motion duly moved must be seconded, and until seconded no debate thereon shall take place.

11. No person shall speak except to a motion which has been duly moved and seconded, unless he speaks in order to move or second some motion or amendment.

12. Every speaker must confine himself to the question actually before the meeting at the time he speaks, unless he wishes to make a motion on a point of order.

13. The Chairman shall have power to prevent any person, except the mover, from speaking more than once on any motion or amendment, unless in explanation. The mover shall in all cases be entitled to speak once in making his motion and once by way of reply; but in his reply he must confine himself to matters raised in his opening speech or during the debate, and must not introduce any new matter.

14. A speaker who conceives that he has been misrepresented by any subsequent speaker shall be entitled to offer an explanation, but his explanation is to be strictly limited to some point in his original speech: he is not to enter upon any new subject. If he does so, it will become the duty of the Chairman to call him to order.

15. A speaker who has exhausted his right to speak on an original motion may speak on any amendment being moved, for such raises a new question.

16. After a motion has been moved and seconded an amendment may be moved at any stage of the debate thereon.

17. When there is before the meeting a series of resolutions, or one which embodies several distinct ideas, the Chairman shall have power to refuse an amendment which is moved at a stage of the debate not appropriate for the same.

18. An amendment proposed but not seconded is not to be entertained, and any discussion thereof is to be deemed out of order.

19. No amendment may be proposed in any part of a motion after a subsequent part has been amended, or has been proposed to be amended, unless such first proposed amendment has been withdrawn.

20. Every amendment shall be so worded as to be capable of making an intelligible sentence, either alone or in its proper place in an original motion, as the case may be.

21. When an amendment is carried which supersedes in whole or in part the original motion, the amendment or the amended original motion shall again be put from the chair as a substantive motion, and may again be the subject of amendments, subject to the restrictions mentioned in Rule 11.

22. When a motion, or an amendment which has become a substantive motion, has been put from the chair, and been declared by the Chairman to be carried, no further proposals for amending the motion or the amendment shall be entertained.

23. All motions shall be made in the order in which they appear on the agenda paper.

24. A motion which has been negatived shall not be brought forward again for discussion until after the expiration of 12 months; and if, by amendments being made in it, a motion becomes substantially identical with one which has been negatived, it must thereupon be dropped: provided that such a motion may be brought forward within six months if supported in writing by not less than two-thirds of the whole Committee.

25. No resolution reversing any previous decision of the Committee, even on a matter of ordinary routine, shall be brought up for discussion unless written notice of intention to move it has been given at the next preceding meeting and it has been entered among the agenda circulated to members.

26. When a motion has been duly carried it shall be the duty of the Chairman to refuse to put at the same meeting any subsequent motion which substantially contradicts, overrides or repeats the former one.

27. On a motion for the previous question having been put and negatived, the original motion shall be put from the chair without further debate of any kind.

28. On a motion for an adjournment being carried, it will devolve on the mover of the adjournment to resume at the next sitting the debate on the original motion.

29. Before a motion or an amendment is withdrawn by its proposer, the leave of his seconder and of the meeting must be given, expressly or impliedly.

30. No important motion shall be discussed at any meeting unless notice of the same in writing shall have been delivered to the Secretary at least three clear days before such meeting: provided always that if the Chairman refuses to receive at a meeting a motion not pre-announced, because in his judgment it is one which must be deemed "important" and therefore needs adequate notice, any person may appeal from the ruling of the Chairman as to this, and any such motion brought forward without notice shall be taken into consideration on a motion to that effect being duly carried.

31. Subject to the provisions of Rule 24, no resolution duly carried shall be altered or rescinded unless seven days' notice that its alteration or rescinding is to be proposed shall be given to every member of the Committee.

32. The Chairman shall be empowered to divide into two or more distinct motions any motion which in his opinion is so complicated in its form that confusion or inconvenience is likely to be caused by its being kept as one motion; but when a motion is divided in virtue of this rule, it shall not be requisite, unless on the demand of some person present, for the second and following portions of the original motion to be again separately moved and seconded.

33. Any member shall be at liberty to put a question to any other member, or to any officer, relating strictly to his official action or duties, after having given written notice to the Chairman of his desire to do so.

34. In putting any such question no argument or opinion is to be offered, nor any facts stated, except so far as may be necessary to render such question intelligible.

35. In answering any such question the person to whom it is put is not to debate the matter to which the same refers.

36. For the purpose of taking into consideration any subject which may require more full and free discussion than adhesion to the rules would allow, the meeting may resolve itself into a Committee of the whole body. When this has been determined on, the rule prohibiting any person from speaking more than once on the same question shall be deemed suspended *pro hâc vice* until the meeting resumes.

37. When a debate on a motion has terminated by the mover having had his reply, the Chairman shall put the question to the vote by calling for a show of hands—first, in favour of, and then against, the motion. If the votes are equal he shall be at liberty to give a casting vote. If he is unwilling to do so, the motion shall be deemed to have been negatived. The result of such voting and number of votes *pro* and *con* shall be recorded and form part of the minutes.

38. No member may use offensive or unbecoming words in reference to any member. Any member adjudged by the Chairman to be out of order for having used objectionable words, and not explaining or retracting the same, or offering apologies for the use thereof to the satisfaction of the meeting, shall be reprimanded by the Chairman.

39. All debates shall be conducted in a grave and orderly manner, and no person shall presume to cause any unseemly interruptions, or to make any noise or disturbance. In case, on a call to order by the Chairman, such noise or disturbance shall not cease, he shall be at liberty to vacate the chair and declare the meeting dissolved.

40. These rules shall apply, so far as may be, to all Committees.

41. An instruction to a Committee is a motion to extend or restrict the order of reference under which the Committee is performing certain duties which have been confided to it.

42. The public shall be admitted to all special meetings of the Committee.

43. All proposals for expenditure sanctioned by the General Committee shall be clearly published in the proceedings of the meeting at which such sanction is given, even though the sanction is merely in the form of confirmation of the proposal of a Sub-Committee.

44. The Secretary and Assistant Secretary shall alone be empowered to grant receipts on behalf of the Committee.

45. The Assistant Secretary shall have charge of the common seal, which shall be used to stamp all powers of attorney, deeds of conveyance, debentures, contracts, and other important instruments issued.

President.

46. The President shall perform the following duties :—

(1) He shall take the chair at all meetings and shall be primarily responsible for the current executive administration of the Municipality.

(2) He shall submit all important papers and matters to the General Committee as early as practicable. Such papers and matters having been previously circulated amongst the members of the Committee, to be noted on if desired.

(3) He shall issue orders as to the method of carrying out the decisions of the Committee arrived at in meeting, and be responsible to the Committee for their being duly carried out.

(4) He shall issue all orders regarding the executive work to the Secretary, and regarding the office to the Assistant Secretary.

(5) He shall sign all important communications.

(6) He may grant any Municipal officer leave not exceeding 10 days without the previous sanction of the Committee.

(7) He shall have power to enter, after giving such notice (if any) as is required by law, for inspection of private premises, in accordance with the provisions of Act XX of 1891.

(8) All daily reports will be submitted to him.

Vice-President.

47. There shall be two Vice-Presidents. The Vice-Presidents shall hold office for one year, but shall be eligible for re-election, and shall perform the following duties :—

(1) In the absence of the President, the senior Vice-President shall perform all the duties attached to the office.

(2) In the case referred to above, when there are two Vice-Presidents, the senior by date of appointment shall perform the duties of President, but they may make any arrangement for the division of the work.

(3) The senior Vice-President shall ordinarily receive all official communications coming from public bodies or officials and Government, and, when necessary, note on them, inviting the attention of the President to any points which appear to call for attention.

(4) They shall have power to enter, after giving such notice as is required (if any) by law for inspection of private premises, in accordance with the provisions of Act XX of 1891.

Standing Sub-Committees.

48. Standing Sub-Committee shall be guided by the following rules :—

(1) Standing Sub-Committees shall be appointed by the General Committee annually, after the elections, and one of their number shall be named by the General Committee the convener of each Sub-Committee, who shall preside as Chairman at each of the meetings of such body.

(2) In the case of a vacancy occurring, a new member may be appointed at any time by the General Committee, or the vacancy may be allowed to stand over till after the next election.

(3) The number of members of each standing Sub-Committee shall be determined by the members at an ordinary meeting.

(4) References may be made to a Sub-Committee by the General Committee, President, or Vice-Presidents.

(5) All Sub-Committees will have the same power of calling for information from the officers of the Committee as the General Committee.

(6) Sub-Committees should discuss all subjects referred to them, collect all arguments advanced on each side of any controversial matter, analyze them, and recommend to the General Committee the decision they wish to be arrived at.

(7) The recommendation should be supported by a succinct report, giving the reasons why the particular recommendation should be accepted, and, where possible, the decision should be formulated in the shape of a resolution to be passed by the General Committee.

(8) Standing Sub-Committees shall ordinarily meet at least once a month.

(9) The proceedings and resolutions of each meeting of a standing Sub-Committee, duly attested by the convener, shall, from time to time, and not later than 14 days from the date of their having been passed by such Sub-Committee, be submitted for confirmation by the General Committee.

(10) Sub-Committees shall ordinarily be called together by the convener, or in the absence of the convener by the senior member of the Sub-Committee by date of first appointment to the General Committee, but he shall, on the application of any member of the Sub-Committee, cause notices to be issued calling a meeting.

(11) The quorum necessary for the transaction of business by a standing Sub-Committee shall be two members. The 16*th October* 1893.

No. 489.—*Notification.*—It is hereby notified that the following bye-laws for the grant of refunds of octroi framed under Section 143 (1) (*g*) of the Punjab Municipal Act, XX of 1891, by the Municipal Committee of Rewári, in the Gurgaon District, have been confirmed by the Hon'ble the Lieutenant-Governor, and are published in supersession of all previous bye-laws on the subject, which are hereby repealed.

These bye-laws will come into force six weeks from the date of the publication of this notification:—

BYE-LAWS.

1.—Refunds of octroi on re-exported goods will be authorized on presentation of the original receipt for octroi dues paid at the time of importation, subject to the conditions prescribed in the subsequent bye-laws; but such authorization shall not be withheld solely on the ground that the holder of the original receipt is not the person or firm to whom such receipt was granted in the first instance.

2.—Where the articles are taxable *ad valorem* on import, the amount payable by way of refund will be calculated on the tariff value of the class to which the articles belong on which the octroi dues were assessed at the time of realization without regard to alleged changes and fluctuations of value in the interim.

3.—Forms of application according to the subjoined pattern Form (A) will be supplied gratis to intending exporters at the Municipal Office on production of the original receipt for octroi duty paid on the consignment which it is proposed to re-export in whole or in part.

Proviso (A). Provided that no refund shall be made except upon such evidence being furnished as may be duly required to establish the identity of the goods as having belonged to the consignment specified in the receipt for octroi paid which is produced in support of the application.

Proviso (B). And further that no refund shall be authorized in respect of any goods on which octroi duty appears to have been paid more than one year before the date on which the application is presented at the Municipal Office.

4.—The intending exporter will fill up or have filled up the details specified in the application Form (A) prescribed in bye-law 3, which is in three parts.

One part of the application will be retained in the Municipal Office, the remaining two parts (hereinafter called the duplicate and triplicate passes respectively) being made over to the applicant or his agent in charge of the goods.

Such applications will be received at the Municipal Office daily with the exception of Sundays and general holidays between the hours of 10 A. M. and 1 P. M. respectively, and may be left with the Superintendent of Octroi or with the clerk in charge of the office to be laid in due course before the President or Vice-President of the Committee.

5.—Both the exporter's parts of the application will be returned to him duly endorsed by the President or Vice-President of the Municipal Committee, and both will be produced along with the goods covered by the duplicate pass at the octroi station past which the goods are actually taken out (hereinafter called the station of exit) and at the time of actual exportation of the goods in question.

6.—The Octroi subordinate in charge of the station of exit will satisfy himself that the goods produced as being covered by the duplicate pass correspond with the entries in the pass presented with them.

If the goods are being exported otherwise than by rail and if the consignment appears to be duly covered by the pass, he will retain the duplicate pass and return the triplicate pass to the exporter or his agent after due endorsement of the particulars specified in the form subjoined; otherwise he will retain both the duplicate and triplicate passes, and will report the circumstances forthwith for the order of his immediate superior: in either case he shall allow the consignment to proceed.

7.—If the goods are for export by rail, the Octroi subordinate in charge of the station of exit will retain the triplicate pass pending production of a Railway receipt for the goods covered by the pass. Upon production of the Railway receipt, if, after due inquiry, the said Octroi subordinate is satisfied that the goods produced are covered by the pass and also by the Railway receipt in question, he will then endorse on the duplicate and triplicate passes respectively the number and date of the Railway receipt, and will return the triplicate copy to the person in charge of the goods, but he will retain the duplicate pass subject to disposal in the prescribed course of Municipal business.

8.—The triplicate pass duly endorsed as provided by bye-law (6) or bye-law (7) respectively will be presented by the person seeking a refund of octroi on the consignment covered by the pass in question, and if after due check the President or Vice-President, as the case may be, of the Municipal Committee is satisfied that the refund of octroi coverd by such pass is duly payable, he shall forthwith cause a cheque for the amount found to be payable by way of refund to be made out and delivered to the person presenting the triplicate pass, but if the President or Vice-President, as the case may be, sees cause to refuse payment of any sum claimed in respect of such triplicate pass, he shall refer the case to the Municipal Committee at its next meeting.

Provided that no refund shall be made contrary to the provisions of the bye-law (No. 9) next following.

9.—No refund will be made in the case of any claim presented at the Municipal Office after the lapse of more than thirty days from the date of re-exportation as noted on the triplicate pass by the responsible Octroi subordinate.

10.—The whole of the bye-laws above contained (that is from one to nine as numbered) shall apply so far as the circumstances admit to the case of animals re-exported beyond Municipal limits for sale as live stock.

(2). If before the election is held an objection is taken to a candidate on the ground that he is ineligible under Rule I or II, the decision of the Deputy Commissioner thereon, allowing or disallowing the candidature, shall be final. Provided that if the objection is taken under clause (2) or clause (4) of Rule II, the Deputy Commissioner may permit the candidature to proceed and shall, through the usual channel, obtain under said clause (2) the orders of the Local Government as to any exemption from the restrictions thereby imposed, or under the said clause (4) ascertain the opinion of the Local Government as to the effect of the alleged defect of character, and shall under Rule XIX, clause (6), annul the election of any elected candidate disqualified by the decision of Government thus elicited. The order of the Deputy Commissioner annulling the election under this rule shall be final.

XIV.—(1). Lists shall be prepared by the Tahsíldárs or by such other person as the Deputy Commissioner may direct on or before the 1st February or such other date as may be fixed by the Local Government showing for the Municipality the number and names of all persons who are qualified voters under these rules, and the qualifications entitling them to vote.

(2). It shall not be necessary to prepare a new list every year, but on or before the 1st February, or on such date as may be fixed by the Local Government in each year, the list of the preceding year shall be revised and may be adopted with such alterations as may, in particular cases, be deemed necessary.

(3). As soon as the list of voters has been prepared, copies of the list shall be published in the Municipality.

XV.—(1). No objection to the entries in the list, and no application to be entered in the list of voters, shall be entertained unless it is preferred in writing within one month from the date of the annual publication of the list. The Deputy Commissioner, or such officer as he may appoint in this behalf, shall decide as to the validity of such objection or application, and his decision shall be final.

(2). The corrected list of voters, including any modifications made in accordance with the terms of clause (1) of this rule, shall be published on the 1st March in each year, or as soon after as may be practicable ; and until the next annual revision no alterations shall be made therein except by the removal of the names of voters who have died, or by the insertion or removal of the names of voters added or expunged in consequence of applications or objections made and admitted as provided in clause (1), but not disposed of prior to the publication of the list as corrected.

XVI.—When the revised lists have been prepared, and the objections, if any, disposed of, a certified extract, under the signature of the Tahsíldár, shall be given in the annexed form to each qualified voter.

These certified extracts or voters' certificates must be presented at the time of the election by the voters, and no person shall vote who does not present such certificate.

XVII.—If the number of qualified candidates duly proposed under Rule XIII exceeds the number of vacancies, a poll shall be taken ; otherwise such candidates shall be deemed to be elected.

XVIII.—(1). When a poll is held, votes shall be given in public, and before such officer as the Deputy Commissioner may empower to receive them, at some convenient place or places within the limits of the Municipality.

(2). No objection shall be allowed to the vote of any registered elector except on the ground of personation, and such an objection must be made by one of the candidates, his agents, or any registered elector, or by the presiding officer himself at the time the vote is tendered.

(3). The presiding officer shall record in writing the nature of the objection, the reply of the voter, and the final order and reason. The order shall be final as regards the acceptance of the vote tendered.

(4). If the presiding officer cannot dispose of the objection before the time fixed for the closing of the poll, and if the acceptance or non-acceptance of the vote affects the result of the election, this result shall not be announced until the objection has been decided.

XIX.—(1). As soon after the close of the poll as may be, the result of the voting shall be published under the authority of the Deputy Commissioner.

(2). The qualified candidate or candidates who have the largest number of votes shall be elected.

(3). In the case of two candidates for a single vacancy or for the last of several vacancies polling an equal number of votes, the senior in years shall be deemed to be elected.

(4). All objections to the return of any candidate must be given in writing to the Deputy Commissioner by one of the candidates within one week from the announcement of the result of the election.

(5). The Deputy Commissioner may decline to make any enquiry regarding any such objections unless the objector gives security for the costs of the enquiry, and on the petitioner failing to do so, may reject the petition.

(6). At the close of the enquiry the Deputy Commissioner shall pass orders confirming or annulling the election and directing what portion of the costs, the amount of which shall be duly stated in the order, shall be borne by the objector.

(7). An appeal from any order passed under this rule (other than an order passed also under Rule XIII, clause (2), shall lie to the Commissioner, whose decision shall be final.

21. Every question voted on shall be put both for and against.

22. Unless a poll is demanded by any member present at a meeting, a declaration, made at the meeting by the Chairman, that a resolution has been passed shall be sufficient warrant for the making of an entry to that effect.

23. No motion shall be entertained in regard to a question once disposed of, except after the lapse of three months from the date of such disposal, or except on the written application of more than two-thirds of the members of the Committee.

24. If a member draws attention to the fact that there is no quorum of members present, the Chairman shall forthwith suspend the proceedings and cause the members to bé counted. On being satisfied that there is no quorum of members, he shall adjourn the meeting to some future day.
